- give their training organisation view access to their transcript.
- control access to their transcript; and

### 18.1 Language, Literacy & Numeracy

Once enrolled all learners will receive a Language, literacy and numeracy (LLN) survey sent to their email via survey monkey, it is a requirement of the learner to complete the survey before starting study. It will aid the educators to assess there is enough skill to successfully undertake the program. Those who require further support will be referred to a qualified expert. Any costs incurred will be the responsibility of the learner. Learners need a basic understanding of the English language and to be able to articulate in English.
